Slide Deck

The Goal

For potential employers and partners to know me and want to work/connect with me.

- Portfolio page to show my previous work
- About and Blog page to show my details and interests
- Contact page for them to email me
- Links to my social media
- Link to download my resume

Portfolio

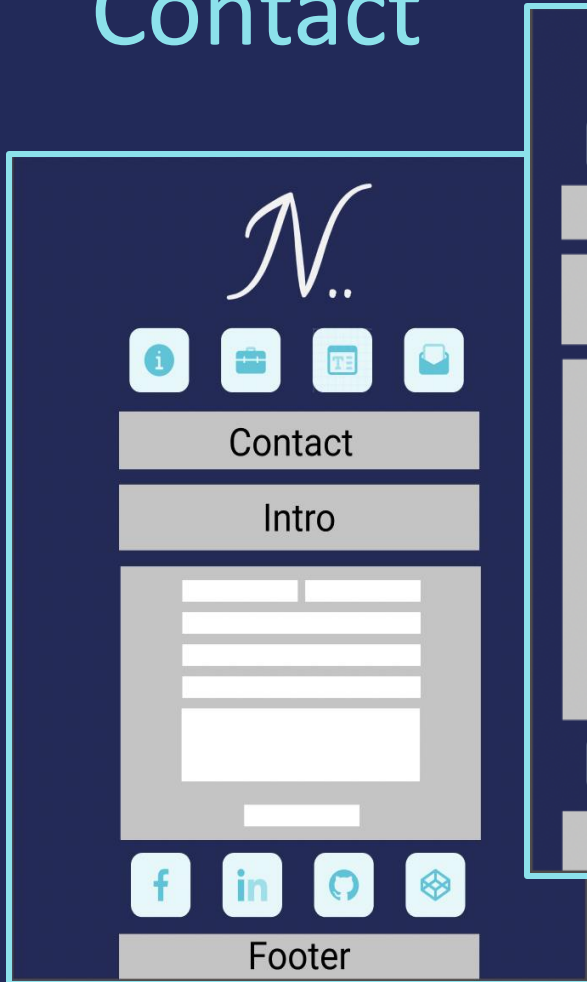

Blog

Design

- Simple and hopefully professional
- Use of animation and icons so it is not too boring

Layout

- Use of CSS Grid
- 1 column design for the viewports of smart phones and tablets
- Multi column layout for computer screens with nav and side bar moved from top and bottom to left and right
- Two columns inside main for portfolio and blog posts

Components Used

<figure>

<figcaption>

<video>

<form>

<label>

<input>

<textarea>

<button>

<h1>

<h2>

<h3>

<p>

<a>

<section>

<div>

<header>

<nav>

<main>

<aside>

<footer>

Review

Challenges:

- Layout
- Clean CSS

Favorite Parts:

- Layout
- Rainbow text
